Dear Parents,

As you are aware, the school district, our parents and the County Health Department are working to prepare for the anticipated return of H1N1. Keeping the children healthy throughout the school year is a priority. With this focus come inquiries about the use of alcohol based hand sanitizers in school. If you would like your child to have access to a personal hand sanitizer he/she may carry one or access one in different locations throughout the building, such as the nurses' office.

If you do not wish your child to use a hand sanitizer under any circumstance, please send in a note which will be kept on file in the nurses' office.

If you have questions on this topic or any other related health issues, please feel free to contact your school nurse.

Sincerely,

Laurence T. Spring
Superintendent of Schools
