STUDENT HEALTH INFORMATION: Part I

NOTICE: New York State mandates that health examinations are required for all new students and current students entering grades **Pre-K, Kindergarten, 1, 3, 5, 7, 9, and 11** and also for students who participate in interscholastic sports, seek working papers, or are deemed necessary by school authorities or the district Committees on Special Education or Preschool Special Education (CSE/CPSE) to determine the child's education program. Health examinations are offered by School Healthcare Providers periodically throughout the year. If you choose to have your family doctor conduct such examinations, please be sure to provide the district with a copy of the examination or notification of an upcoming appointment. Failure to do so within 60 days from the date of school entry will result in your child being scheduled for an exam with the School Healthcare Providers. New York State also requires a Dental Health Certificate, to be completed and signed by a dentist, for all new students and students in grades Kindergarten, 1, 3, 5, 7, 9, and 11.

Cortland Enlarged City School District has been randomly selected by the state to report Body Mass Index (BMI) data within the district. The information is taken from the following grades: Kindergarten, 2, 4, 7, and 10 physicals. Each student's health appraisal is required to include BMI and determination of weight status. For this reporting purpose, number data only is sent to the state; no names are included. If you do not want your child's data to be included in the survey, please contact your school nurse.

This section must be completed by the student's parent/guardian.

NEW STUDENT REGISTRATION MEDICAID CONSENT NOTIFICATION

Written Notification Regarding Use of Public Benefits or Insurance to Pay for Certain Special Education and Related Services.

This form has been adapted from the U.S. Department of Education's model Notification Form

INTRODUCTION

You are receiving this notification to give you information about your rights and protections under the Federal Individuals with Disabilities Education Act (IDEA), so that you may make an informed decision about whether you should give your written consent to allow your school district/ county to use your or your child's public benefits or insurance to pay for special education and related services that your school district is required to provide at no cost to you and your child under this legislation.

Funds from an insurance or public benefits program (e.g. Medicaid funds) may be used by your school district (or, for preschool students, the county) to help pay for special education and related services, but only if you choose to provide your consent, as explained below.

Before your school district or county can ask you to provide consent to check with the New York State Department of Health whether your child has public benefits or insurance (e.g., Medicaid coverage and/or a Client Identification Number (CIN)), and to access these benefits or insurance for the first time, it must provide you with this notification of the rights and protections available to you under IDEA. This notification is intended to help you understand these rights and protections, including the type of consent your school district will ask you to provide. Whether or not you provide consent, your school district has a continuing responsibility to ensure that your child is provided all required special education and related services under IDEA at no charge to you or your child.

PARENTAL CONSENT

34 CFR §300.154(d)(2)(iv)(A)-(B) and 8 NYCRR §200.5(b)(8)(i)

Before your school district (or for preschool students, your county) can use your or your child's public benefits or insurance for the first time to pay for special education and related services under IDEA, it must obtain your signed and dated written consent. Your school district is only required to obtain your consent one time.

This consent requirement has two parts.

¹ For the full Suggested Model for Written Notification of Parental Rights regarding Use of Public Benefits or Insurance developed by the U.S. Department of Education, see: <http://www2.ed.gov/policy/speced/guid/idea/memosdcltrs/accmodelwrittennotification-6-11-13.pdf>

1. Consent to share records about your child: Your school district is required to obtain your written consent before disclosing (sharing) personally identifiable information about your child (such as your child's name, address, social security number, individualized education program (IEP), and evaluation results) from your child's education records. In asking for your consent, the school district will (1) identify the records (or information) about your child that will need to be shared (for example, about the services that may be provided to your child); (2) tell you the purpose of sharing the records (for example, billing for special education and related services); and (3) identify the agency to which your school district may disclose the information (for example, the Medicaid agency).
2. Consent to check with the New York State Department of Health whether your child has a CIN/public benefits or insurance (Medicaid) coverage, and bill your child's public benefits or insurance (Medicaid) program: Your consent must include a statement specifying that you understand and agree that your school district or county, for preschool, may use you or your child's public benefits or insurance (e.g., Medicaid) to pay for some of your child's special education services.

You have the right to withdraw your consent at any time. If you withdraw your consent, the school district must still provide all of your child's IEP special education and related services at no cost to you. To withdraw your consent, you will need to submit your request in writing to your child's school district.

MEDICAID CONSENT NOTIFICATION

NO COST PROVISIONS

34 CFR §300.154(d)(2)(i)-(iii) and 8 NYCRR §200.5(b)(8)(ii)(b)-(d)

The IDEA “no cost” protections regarding the use of public benefits or insurance are as follows:

1. Your school district may not require you to sign up for or enroll in a public benefits or insurance program in order for your child to receive a free appropriate public education.
2. Your school district may not require you to pay any out-of-pocket expenses, such as the payment of a deductible or co-pay amount for filing a claim for services that your school district is otherwise required to provide your child without charge.
3. Your school district may not use your or your child’s public benefits or insurance if using those benefits or insurance would:
 - a. decrease your available lifetime coverage or any other insured benefit, such as a decrease in your plan’s allowable number of physical therapy sessions available to your child or a decrease in your plan’s allowable number of sessions for mental health services;
 - b. cause you to pay for services that would otherwise be covered by your public benefits or insurance program because your child also requires those services outside of the time your child is in school;
 - c. increase your premium or lead to the cancellation of your public benefits or insurance; or
 - d. cause you to risk the loss of your child’s eligibility for home and community-based waivers that are based on your total health-related expenditures.

We hope this information is helpful to you in making an informed decision regarding whether to allow your school district or county, for the provision of preschool special education, to use your or your child’s public benefits or insurance to pay for special education and related services under IDEA.

Contact information: For additional information and guidance on the requirements governing the use of public benefits or insurance to pay for special education and related services see: <http://www2.ed.gov/policy/speced/reg/idea/part-b/part-b-parentalconsent.htm>

MEDICAID CONSENT FORM

Please fill in fields marked with an asterisk (*) even if you DO NOT have Medicaid. This form will be retained in your child's file and will only be used if/when your child receives special education or related services.

The purpose of this form is to ask your permission to bill your or your child's Medicaid Insurance Program for special education and related services that are on your child's individualized education program (IEP) and to ask you to give us your child's Client Identification Number (CIN) or allow us to obtain the CIN if you do not know it. This consent allows the school district/county to bill for covered health-related services and to release information to the school district's/county's Medicaid Billing Agent for that purpose.

I, _____, as the parent/guardian of _____, have received a
Print Name of Parent/Guardian *Print Name of Child*
written notification from the school district/county that explains my federal rights regarding the use of public benefits or insurance to pay for certain special education and related services. I understand and agree that the School District/county may ask for a Client Identification Number (CIN), check on Medicaid eligibility, and/or access Medicaid to pay for special education and related services provided to my child.

I understand that:

- ❖ Providing consent will not impact my nor my child's Medicaid coverage;
- ❖ Upon request, I may review copies of records disclosed pursuant to this authorization;
- ❖ Services listed in my child's IEP must be provided at no cost to me whether or not I give consent to bill Medicaid;
- ❖ I have the right to withdraw consent at any time; and
- ❖ The school district must give me annual written notification of my rights regarding this consent.

I also give my consent for the school district/county to release the following records/information about my child to the State's Medicaid Agency for the purpose of checking Medicaid eligibility and/or billing for special education and related services that are in my child's IEP. The following records will be shared:

- | | | |

| ❖ IEP | ❖ Session Notes | ❖ Other Personally Identifiable Information |
| ❖ Written Orders/Referrals | ❖ Special Transportation Logs | ❖ Any Other Specific Records Pertaining to the Student's Services or Programs |
| ❖ Evaluation Reports | ❖ Medication Administration Reports | |

I give my consent voluntarily and understand that I may withdraw my consent at any time. I also understand that my child's right to receive special education and related services is in no way dependent on my granting consent and that, regardless of my decision to provide this consent, all the required services in my child's IEP will be provided to my child at no cost to me.
