## Scientific Calculator Contract

2017-2018 School Year

Student Name	Student Grade	Calculator Number	Teacher Name
	8	CHS -	Mrs. Henry

Any student taking a junior high mathematics course has the option to sign out a Cortland calculator for the school year. A "Calculator Contract" must be completed before a calculator is distributed. Students are responsible for any damages to the calculator. The assigned calculator must be returned in good condition at the end of the year or the student must pay to replace/fix it.

If a student would like to purchase his/her own calculator, then a TI-XS 30 MultiView Calculator is recommended.

I understand that it is my responsibility to return the assigned calculator in at the end of the school year. If I do not return the above item or it is broken then I am responsible to pay to replace the item. Students are not permitted to write on the calculator. **The cost to replace a damaged or lost scientific calculator is \$15.**

Upon returning this contract a scientific calculator will be issued.
